FRENCH CAPTURE 325 PRISONERS

French War Office Announces Raid
Near Cantigny Where Ameri-
can Troops Are Engaged

GREAT ACTIVITY IN THE AIR

Lieut. Fench Brings Down Six Ger-
man Planes—American Artillery
Gets in Good Licks

(By United Press.)

Copenhagen, May 10.—"If Ger-
many does not give peace there will
be a revolution." This statement was
made here today by a traveller who
has returned from a tour of the
Central empire.

Paris, May 10.—French troops
completely recaptured the park yes-
terday, taking 325 prisoners and
war materials, the French war office
reported today. The capture was
made near Cantigny where American
troops are engaged.

In two flights yesterday Lieut.
Fench brought down six German
planes.

Washington, May 10.—Today's
casualty list contains the names of
21 men, including four killed in ac-
tion, one missing, one lost or sea,
one dead of wounds, three dead
from disease, one dead from ac-
cident, ten wounded. Killed in action:
Sergeant Douglas Day, Line Park, Ky.

London, May 10.—British troops
yesterday recaptured 150 yards of
a trench which the Germans took
north of Albert in the morning. Haig
reported today. Elsewhere there was
only artillery activity.

With the Americans in Picardy,
May 10.—Pierce bombardment of
German positions by American ar-
tillery has demolished the church at
Cantigny and several adjacent
buildings, blown up machine gun
emplacements and posts command po-
sitions at Comte Manche and started
a fire at Mesnil. The church at Can-
tigny was being used for observa-
tion by the enemy. The bombard-
ment lasted all night.

The Germans are making the
strongest effort to capture Ameri-
cans but not an American prisoner
has yet been taken on this front.

With the British Army in France,
May 10.—The most amazing air
fighting is going on.

For three days the weather has
been ideal and the skies are literally
alive with fighting squadrons of all
nations.

The number of German machines
are increasing and new battle tactics
are being employed. The enemy is
picking up an exceedingly hard fight.

There is little ground fighting.
The artillery keeps pounding in spots.
There was a terrific cannonade
early today south of Arras while
the harassing fire was unusually
bitter near Lens.

TROOP TRAIN IS WRECKED

Seven Dead and Ten Injured in Ac-
cident on High Trussel

(By United Press.)

Columbia, S. C., May 10.—A troop
train carrying the advanced guard
of the 321st infantry leaving Camp
Jackson, Columbia, for Camp Sev-
ier at Greenville was wrecked this
morning on the high trussel near
the camp. Seven soldiers are dead
and 10 others seriously injured,
some of whom are expected to die.

Dr. W. D. Leavitt of Indianapolis
and Dr. H. C. Elliott of Angola have
opened an office at 133 South Main
street. Both young men are grad-
uates of the Indiana Veterinary col-
lege and have had wide experience in
practice under well known veterinar-
ians.

PRICE OF ICE IS ADVANCED

Food Administrator Announces 50
Cents a Hundred is Allowed

The price of ice to be delivered to
Rushville homes this summer has
been fixed at fifty cents a hundred.
This is an increase of ten cents over
last summer's price. The price was
advanced ten cents last summer,
having been thirty cents up to that
time. The price to business houses
will be 25 and 30 cents. The coun-
ty food administrator, announced
the price agreed on after a confer-
ence with representatives of the
Huis-Pearce company. Advance in
the price of coal and materials used
in manufacturing ice are assigned as
causes for the increase.

FARM FIRE CAUSES A LOSS OF \$2,000

Starts From Small Vulcanizing En-
gine in Implement Barn Belong-
ing to James Morris

STOCK AND FEED BARN SAVED

Fire, which broke out in an im-
plement barn on the farm of James
Morris, north of the city Wednes-
day evening, entirely destroyed the
barn and its contents, causing a
loss of \$2,000.

The fire is believed to have start-
ed from a small vulcanizing engine
which was burning but was not dis-
covered until the interior of the
building was burnt and the fire broke
through the roof. Numerous farm
implements were in the building and
were being repaired preparatory to
the spring work. The fire fighters,
who fought the flames with buckets
of water, had difficulty in keeping
the flames from reaching the large
stock and feed barn close by. The
fire was spent, however, before any
additional damage occurred.

MAKE SECOND RAID ON BASE AT OSTEND

British Naval Forces Sink the Vin-
dictive, Filled With Concrete,
in The Harbor

ENGAGEMENT LASTS 3 HOURS

(By United Press.)

Dover, Eng., May 10.—Some of the
participants in the naval raid on
Ostend returned here this morning
and were treated with the greatest
enthusiasm. The engagement lasted
from one minute after midnight un-
til three a. m. The guns were plainly
heard.

London, May 10.—British naval
forces again raided the German na-
val base at Ostend, last night, block-
ading the entrance to the harbor by
sinking the trooper Vindictive, which
participated in the recent raid on the
Zebrugge, it was announced today.

The Vindictive had been filled with
concrete.

The British forces returned to
their base with the loss of one ma-
jor launch. It was damaged and
was then sunk to prevent its falling
into the enemy's hands. "Our casu-
alties were light," the statement
announced.

CYCLONE SWEEPS ILLINOIS

(By United Press.)

Chicago, May 10.—At least 12
persons were killed and probably
100 injured in a cyclone which
swept points in central Illinois and
central and northeastern Iowa yes-
terday, reports showed today.

EXCEED APPROPRIATIONS

Washington, May 10.—Expendi-
tures for aircraft production have
exceeded appropriations by more
than \$150,000,000, a report submi-
tted to the senate today by Senator
Thomas, Colo., showed.

TO MAKE CANVASS A UNITED EFFORT

Red Cross Officials Hope to Carry
Out War Fund Drive in Whirl-
wind Fashion

PREPARATIONS BEING MADE

Fulton County's Method of Raising
Liberty Loan Allotment is Cited
as Example

Methods by which the Red Cross
campaign in this district will be car-
ried on in a whirlwind manner are
being arranged by E. B. Thomas of
this city, district chairman of Red
Cross work.

"Prepare for the canvass and thus
save time during the canvass," is the
slogan which has been adopted by
district workers in making com-
plete preliminary plans. The object
of Rush county officials especially,
is to complete the canvass in every
part of the county as rapidly as
possible in order that the long
drawn out reports which usually
mark these campaigns, will be miss-
ing at this time.

Present plans which are being
perfected by Mr. Thomas are to
have the army of canvassers ready
to begin the drive simultaneously
and in a whirlwind campaign make a
complete sweep through the county,
completing the work in a few hours.

Fulton county has been taken for
an example in the anticipated cam-
paign here. During the recent Lib-
erty Loan campaign in that county,
the canvassers started their drive
at the blowing of the whistles and
within four hours time had com-
pletely canvassed the county, raising
the allotment and in addition a
greatly oversubscription. Fulton is
planning a similar campaign for the
approaching Red Cross drive and
because that line of action has pro-
ven such a success, Mr. Thomas is
desirous that it be tried out not only
in Rush county, but through the en-
tire district.

The fact that the present season
is an unusually busy one for many
of the canvassers through the coun-
ty, who are large land owners, makes
the proposed canvass which would
take only a comparatively short time,
most popular and has met with their
hearty approval.

Preliminary to the Red Cross
drive to be launched Monday, May
20, three meetings have been plan-
ned in Rush county for the purpose
of exciting the interest of the peo-
ple and showing them the necessity
of making the drive a success.

Judge Will M. Sparks will ad-
dress a series of meetings before the
big drive opens. The first of the
series will occur Sunday evening at
the church in Fairview. The next
will be held Sunday May 19 at two
o'clock in the hall at Mays and on
the eve of the drive he will address
a meeting of Richland township re-
sidents in the school building there.

No memberships will be solicited
in the drive for the war fund. The
officers of the chapter have decided
not to make any attempt to collect
dues of members whose first year as
members expires next month, but
will regard next December as the
end of the year. Dues of many
members—all recruited in the pre-
Christmas drive last December—
will not fall due until the end of
this year also. District Red Cross
headquarters will not accept half-
year dues. By this arrangement, all
memberships will expire at the same
time.

GOOD HORSES SCARCE

Indianapolis, Ind., May 10.—Re-
ports of township assessors of In-
diana show that there is a scarcity
of good horses and that farmers as
a rule are using a poor grade of ani-
mals. The assessment record shows
an average value of only \$61 a head
despite the prevailing high price of
horses. When the assessment start-
ed the average value was placed at
\$80.

MOTHERS DAY WILL BE OBSERVED HERE

In Every Church in Rush County
Special Programs Will Feature
Honor of Mothers

SIXTH ANNUAL OBSERVANCE

Carnations Are the Flowers For the
Day—Red for the Living and
White For Memory Flower

Next Sunday, May 12, the sixth
annual observance of Mothers Day
will be held in Rush county and in
every church through the county
special services will commemorate
this day.

The observance is one which has
gained national prominence and
since the first observance which oc-
curred in this city in 1912 Mothers
Day features have marked the Sun-
day school exercises as well as the
church services at both the morning
and evening program.

"Honor thy Father and thy Mother,"
will be the subject of the ser-
mon by the Rev. D. Ira Lambert at
the First Presbyterian church when
special Mothers Day exercises will
be held.

An elaborate program has been
arranged as the feature of the day
and will begin after the Sunday
school service. Among the numerous
numbers on the program will be a
solo, "Mother Machree," by Mrs.
Nell Ashworth, a recitation by
Eloise Morris, solo by Pauline Dren-
nen and a recitation, "Somebody's
Mother," Franklin Mullin. The pri-
mary choruses will open the exercise.

A special program has also been
announced for the combined service
Sunday morning at ten o'clock when
Mothers day will be observed.

The services which are being
planned in the various churches for
next Sunday are of added signifi-
cance this year because of the hun-
dreds of Rush county boys in training
camps who participated in the ser-
vices in former years. Because of
this fact the program in most cases
has taken on a patriotic phase and
in some churches through the coun-
ty service flags will be unfurled.

Next Sunday every resident of
the county is asked to wear a flow-
er for his mother. Red carnations
are to be worn for the living and
white carnations have been selected
as the memory flowers. As the
church services are especially ar-
ranged to honor Mothers, the flowers
are to be worn to church.

Miss Anna Jarvis of Philadel-
phia, Pa., is the originator of Moth-
ers Day and it is her belief that
this movement making the second
Sunday in May sacred to mothers,
will eventually create an all-nations
brotherhood that will stand for the
protection of the mothers and chil-
dren.

The official recognition of Mothers
Day has been wide and satisfactory.
Forty state governors have become
honorary vice-presidents of the as-
sociation and half of them have is-
sued Mothers Day proclamations.

ELECTED BANK DIRECTOR

Frank Reynolds Fills Vacancy
Caused by Abercrombie's Death

Frank Reynolds has been elected
a director of the Rushville National
bank to fill the vacancy on the board
caused by the death of Theodore
Abercrombie. Mr. Reynolds manages
the Reynolds Manufacturing com-
pany and is a successful business
man.

FALLS OFF LADDER

Miss Mary Scanlan fell off of a
ladder today while putting up an
awning at her home in West Fifth
street. One of her legs was badly
bruised and the ligaments torn in her
knee.

DISTRICT LEADS THE STATE

Unit of Which County is a Part, is
Ahead in W. S. S. Drive

The sixth congressional district,
of which Rush county is a part, is
leading the state in the sale of War
Savings stamps, according to a tele-
gram received this morning from A.
B. Ayres, district chairman, by John
A. Thirworth, chairman of the coun-
ty campaign. Mr. Ayres congrat-
ulated the county workers on the
showing made here and commented
on the fact that Indiana leads the
states east of the Mississippi. He
urged attendance at the district
conference at Newcastle next week.

PAYMENT OF PLEDGE FOR Y. M. C. A. FUND

T. M. Green Issues Appeal Asking
Those Who Have Failed to do so
to Settle at Once

FORTY CARDS OUTSTANDING

Because a great number of the Y.
M. C. A. pledges made during the
drive in November, are still unpaid,
T. M. Green, who is chairman of
the work in this county, has issued
an appeal asking that the obligation
be settled at once.

There are forty pledge cards
among Rushville township contribu-
tors for which the money has not
been paid. Many of the pledges are
in ten and fifteen dollar amounts
and total a sum of more than \$140.
In order that Rush county's sub-
scription to the Young Men's Chris-
tian Association may be completed it
is necessary that the contributions
be paid at once. The amount of
money pledged at the time of the
drive may be paid to Bert Trabue
at the Rush County National bank.
Mr. Trabue acted as Rushville town-
ship chairman during the drive.

TO CALL 40 PERCENT OF MEN IN CLASS ONE

War Department Announces This
Number Will be Placed in Train-
ing Camps This Year

INDIANA HAS 52,379 IN ONE

(By United Press.)

Washington, May 10.—Approx-
imately 40 per cent of the men in the
United States now in class one will
be called to the colors this year. The
total number available, 2,013,495—
was made public today by Provost
Marshal General Crowder, following
the decision that draft quotas shall
be based on the number in this class,
no credit being given for volunteers.

Physical rejections of class men
average 13 per cent. Indiana has
52,379 men in class one. For the
second draft call its quota is 29,813.

PRISON WARDEN TO LEAVE

(By United Press.)

Indianapolis, Ind., May 10.—Dr.
David Peyton, warden of the state
prison at Jeffersonville has accept-
ed a commission as major in the
United States army and will leave
for duty before July 1, it was an-
nounced here today. Dr. Peyton has
notified the trustees of the institu-
tion that he may leave at any time.

PLOT AGAINST GOVERNMENT

(By United Press.)

Lisbon, May 10.—A plot against
the government has been discovered
and numerous arrests made. Sixty-
three bombs have been found. Dr.
Paes has officially been proclaimed
president.

GAMBLING SUIT IS COMPROMISED

Case of Mattie Karr Against P. A.
Miller and John S. Beale Settled
and Dismissed

COURT CALENDAR COMPLETED

Number of State Cases Are Set For
Trial During Remainder of May
Term of Court

The case of Mattie Karr against
P. A. Miller and John S. Beale, to
recover money lost in gambling, in
which the demand is \$2,000, was to
go on trial before a jury in circuit
court today, but was compromised
and dismissed without prejudice by
the plaintiff. A similar suit by Mrs.
tiff recently after it had been
brought to trial.

The court calendar has been com-
pleted for the remainder of the May
term and includes many criminal
cases. The cases of state against
Harvey Whitton on a charge of pe-
titi larceny and of the state against
Mark Campbell for aiding in the es-
cape of a prisoner, were set for trial
yesterday but were not heard. The
Whitton case will be dismissed as he
was taken to the hospital at Mad-
ison today, having been adjudged
insane.

The state case against Lola De-
witt, charged with perjury, was also
set for today along with the civil
suit, but it was continued on motion
of the plaintiff.

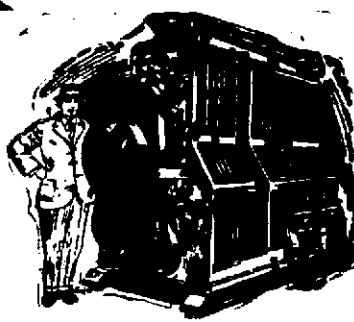

The calendar for the remainder
of the term follows:

- May 11—Ricketts vs Ricketts; State
vs Taylor; Hackman vs Owens.
- May 13—Byrd vs Haydon; State vs
Alman and McDaniel.
- May 14—Maple vs the Hulse estate.
(Two cases.)
- May 15—King vs Glazer; Gruell vs
Gutman; Herkless vs Henry et
al.
- May 16—Hillgoss vs Valkenburg;
Conner vs Pearsey; Joyce vs
Sweet.
- May 17—Green vs Big Four. (Three
cases.)
- May 18—State vs Parrish; State ex
rel. Abernathy vs Moore.
- May 20—State vs Garrigus; Belont
vs Knecht; Long vs Brann.
- May 21—Cross vs Cross; State ex
rel. Roman vs Martin.
- May 22—Nevin vs Maple; Shauck
vs Berkner.
- May 23—Gahimer vs Gahimer; Hin-
ton vs Conaway.
- May 24—Joyce vs Joyce; Vaneleava
vs Hudson.
- May 25—State vs Wagner; Lipkin
vs Kom.
- May 28—Hamilton vs Widau.
- May 29—Alexander vs C. I. & W.;
Wood vs Prater.
- May 30—Deceation Day.
- May 31—Stevens vs Beaver; Jones
vs Lockridge estate.
- June 1—Oreal vs Ensweller.
- June 3—Budd vs Krugg; Fry vs
Martin.
- June 4—Garrison vs Widau.
- June 5—Martin vs Gardner; State
vs Stevens.
- June 6—Gahimer vs Gahimer.
- June 7—Crouch vs Baring.
- June 8—Stevens vs Stevens.
- June 10—Wilson vs Roberts.
- June 24—Akers vs Akers.
- June 27—State vs Gantner.

BOTH COMMITTEES TO MEET

Republicans and Democrats to Or-
ganize Saturday Afternoon

The democratic county central
committee will also be organized
Saturday afternoon at one o'clock
at the same time the republican
committee will meet. The new dem-
ocratic precinct committeemen
chosen in the primary Tuesday will
meet at democratic headquarters in
West Second street to elect a chair-
man, secretary and treasurer and
the republicans will gather in the
sheriff's office in the court house.

During the period of the war, we will not sell an American Midway Flour Mill unless the purpose is to supply the local needs of a community, or our Government, with flour and feed.

DO YOUR BIT. Help the Government by saving the freight on wheat and flour. Relieve the railroads of this unnecessary congestion by establishing in your community one of these wonderful American Midway Roller Flour Mills.

And Make Money, Too

\$150 to \$1,000 per month can be made with this permanent, substantial and dignified business.

This wonderful self-contained roller mill is revolutionizing milling. Makes splendid flour at a better yield than the Government requires. One man without previous milling experience can run it successfully. Small cost, small power, easy operation enables it to make a "Better Barrel of Flour Cheaper." You can sack your flour under our nationally advertised brand "FLAVO."

Our Service Department inspects your products each month free and keeps you up to quality. Sizes of mills from 15 to 100 barrels per day. You can start with the small size if you have \$2,000 to invest. Sold on 30 days' free trial.

Write for our catalog and experience of successful owners all over the United States. Anglo-American Mill Co. 222-224 Trust Bldg. Owensboro, Ky. (218)

IN THE LAND OF COMMON SENSE

Says it is suicide to cut corns, and tells how they lift right out

You simply say to the drug store man, "Give me a quarter of an ounce of frezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, can be lifted out with the fingers without pain.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that while frezone is sticky it dries in a moment, and seems to simply shrivel up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die from infection or lockjaw from whitening his corns, but cut this out and make him try it.

HOG PRICES GO UP FIFTEEN CENTS TODAY

Receipts Remain the Same as Yesterday, 8,000, But Market is Stronger.

CORN AND OATS HOLD STEADY

The price of hogs went up fifteen cents in Indianapolis today with receipts the same as yesterday.

The corn and oats market was steady with prices not materially changed.

PLANS ARE MADE TO TAKE A SILO SURVEY

Farmers Club of Webb Neighborhood Arranges to Gather Statistics on Conditions

COUNTY CAMPAIGN TO BE MADE

At the meeting of the Farmers Club of the Webb neighborhood which was held in the Webb school

FARM LABOR PROBLEM IS NOT SERIOUS NOW

Boys Working Reserve is Being Used to Supply Shortage of Farm Labor

YOUNG FARMERS MAKE GOOD

(By United Press.)

Lafayette, Ind., May 10.—Farm labor problems in Indiana are not serious at this time a survey just completed by Purdue university shows. The good spring weather, the wide adoption of labor saving machinery and the better systems in vogue on thousands of farms, have all aided in reducing the demand for more workers, a report by W. V. Bramfield, farm held specialist shows.

Boys who are members of the working reserve, are being used to supply labor shortage. Farmers generally have reported that they are pleased with the work the boys have done. During last week alone boys were sent to ten counties by Isaac D. Straus, director of the boys reserve organization in Indiana.

Letters received by Straus from farmers report that the boys are making good.

house last night, plans were made to take a silo survey of that neighborhood in behalf of the silo campaign which is about to be launched in the county.

Township representatives are being appointed and are making an official report on the silo conditions in the county. The amount of seed, stock and the number of silos already in use are some of the necessary information which the agents are gathering. W. A. Alexander heads the silo campaign in the county and as soon as the spring crops are well under way an intensive campaign will be conducted in every part of the county in behalf of the installing of silos.

The next meeting of the Farmers Club will be held Thursday evening June 6.

ENGINEERS PROCEED TO FORT HARRISON

Full Quota of 10,000 Men is Expected to be Reached Within the Next Few Days

ABOUT 100 RESERVE OFFICERS

(By United Press.)

Pl. Benjamin Harrison, May 10.—Mobilization of engineers to begin training at this post which has been proceeding slowly since the middle of April was expected to take a jump today and the arrival of the camp's full quota of 10,000 is anticipated within the next few days.

About 100 reserve officers and several hundred workmen have been in camp for weeks getting things in shape to receive the men when they arrive.

That the camp will now be used permanently is the belief of officials here. Although no orders have been received regarding the changing of the post into a base hospital next winter reports to that effect have been received from Washington.

Who Shall Bear the Burden?

(State Council of Defense)

Going without wheat is an inconvenience—nothing worse—for homes in comfortable circumstances.

It is no hardship—no danger. Physiologists all agree that a wholesome diet need not include wheat. The South fought the Civil War three years on corn. Early New England did without wheat five years at a time with no ill effects.

Going without wheat is perhaps more expensive, certainly more work. Not a hardship but a burden. Who shall bear the burden.

Shall we ask the women of France to do it? Do you know what it means to them?

The women of France are doing their own work, doing the nation's work, even doing the work of teams in the field.

The men are gone—all but the younger boys, the aged and the invalids. In almost every home is a cripple or one dying of tuberculosis.

5000 MILES

THE MIGHTY AMAZON

Announcement

We have secured the agency for Amazon Supertires, the tire that has met with unprecedented favor throughout the entire country.

It is the tire that is "doing things" Outwearing all others, and averaging the highest uninterrupted mileage of any tire on the market!

Amazon's remarkable tread of live, velvety, virile rubber runs from four to five thousand miles without showing appreciable signs of wear.

Amazon's re-inforced carcass protects against expensive blowouts with the resultant tube destruction.

And Amazon's Aristocratic appearance—a jet-black body with a circling snow-white stripe, adds class and character to any car.

Come in and get acquainted with "Amazon, the Supertire"

will open for business May 13 in Rushville, with offices at above address, and will be pleased to have a share of the patronage of Rush county and adjoining territory. We are graduates of Indiana Veterinary College and our past practice qualifies us in soliciting your patronage with the assurance of fair treatment.

—an added care.

French homes have not baked bread for hundreds of years. They have not even ovens nor baking tins in their kitchens. They rely on the bakery.

If you ask them to bake their own bread—for the bakery cannot supply quick breads—the women of France must add another hour to their long day of toil.

Will you ask them to do that? Or shall our homes carry the extra burden of doing without wheat?

—Mrs. O. L. Carr spent the day in Indianapolis, on business.

—Mrs. Harriet Plough spent the day in Indianapolis, on business.

—R. C. Culp of Manila was a business visitor in this city today.

—Earl Morton of Milroy was the guest of friends in this city last night.

—Miss Jessie Kitchen was the guest of friends in Indianapolis today.

—Mr. and Mrs. J. H. Frazee were in Indianapolis today visiting friends.

—Mrs. Wander Wyatt and Miss Catherine Wyatt spent the day in Indianapolis.

—Fred Lyons and George Schrader of Connersville motored to this city last night.

—Oto Krausman underwent an operation at the Sexton hospital yesterday for appendicitis.

—Mrs. Elmer Caldwell and Mrs. Aaron Wellman were business visitors in Indianapolis today.

—G. P. Hunt, Clarence Cross, F. B. Johnson and Will O. Fendner motored to Cincinnati on business yesterday.

—Mr. and Mrs. Scott Hosier and Mr. and Mrs. John Nipp, Jr., have gone to Louisville, Ky., to attend the Derby races.

—Mrs. John Munns of Letts came today to spend several days with her niece, Mrs. S. F. Stewart, in North Perkins street.

—Mr. and Mrs. George Hendricks of Indianapolis, came this evening to spend the week-end in this city, the guests of relatives.

—Mrs. Jesse Baldwin and son, William of Indianapolis, are visiting Mr. and Mrs. William Banebridge in North Julian street.

—Mrs. Jack Stonericher has returned to her home in Richmond after spending a few days in this city, the guests of relatives.

—Mr. and Mrs. Allen C. Hiner of Newcastle have been called to this city by the death of Mr. Hiner's mother, Mrs. Robert Hiner.

—Mr. and Mrs. Martin Owens have gone to Laurel to spend the week-end there, the guests of their daughter, Mrs. William Brant.

—Mr. and Mrs. B. E. Young and daughter Louise, Mr. and Mrs. Fred Green and Miss Ruth Long of Greensburg motored to this city yesterday.

—Mrs. Adeline Brown, daughter Miss Elizabeth Brown and granddaughter, Maud Adeline Harold, have returned from Wisconsin where they visited Mr. and Mrs. Will Cherry and family.

ACTION OF CHURCH IN WINNING WAR

Will Be Discussed at Convention of Ministers and Laymen at Purdue Next Month

MICHAEL E. FOLEY TO SPEAK

Leading Men From Ohio as Well as Indiana Will Appear on Program to Decide Work of Church

Lafayette, May 10.—Leading men from Ohio as well as Indiana will be on the program at the third conference of rural ministers and laymen at Purdue University, June 3, 4, and 5, it was stated today by men in charge of the program.

Michael E. Foley, chairman of the state council of Defense will speak the afternoon of the first day on "Indiana's Part in the War." He has earned a wide reputation throughout the state for his patriotic addresses and his coming will be welcome news to all the ministers and laymen who attend. Rev. Allen B. Philpott, pastor of the Central Christian church, Indianapolis will discuss, "The Church, Army Morals and Religion."

The Rev. Moses Breeze, of Columbus, O., executive secretary of the laymen's committee of the Presbyterian Forward Movement in Ohio, will be the principal speaker the second day of the conference. He is what Dr. W. O. Thompson, president of Ohio State University, says of him:

"I never heard a man quite like Mr. Breeze. He always interests, entertains and arouses his audience."

The Rev. Clive McGuire, Oberlin, O., who was placed in charge of the Rural Y. M. C. A. organization work in Ohio because of his splendid success in Knox county, Indiana, church will speak on "Mobilizing Boy Power for the Church and Nation."

Other leaders in both states will be on the program and ministers and laymen attending the conference will endeavor to work out a definite line of action for the church to aid in winning the war and policies to be pursued during the reconstruction period. A number of ministers already have indicated their intention of attending the meeting.

—Wilbur Stiers, E. R. Casady and Dr. Frank Sparks have returned from Evansville where they attended the grand commandery of the Knights Templar, S. L. Trabue, who went to Evansville for the meeting, went on to Camp Taylor, Ky., and will also attend the Derby day races at Louisville.

SEED CORN FOR INDIANA FARMERS

State Council of Defense Has Arranged to Supply Best Quality Available.

EARLY PLANTING IS ADVISED

Emergency Supply to be Provided and Drawn on Should Replanting be Found Necessary.

Full realization of the importance of a bumper corn crop to the prosperity of the state and its ability to contribute its share to the winning of the war, was manifest at the meeting of the Indiana State Council of Defense, when a resolution urging farmers to test their seed and have their planting finished by May 25, was adopted, unanimously.

The Indiana State Council through its committee on food production will endeavor, through the county councils to supply the best seed available, at reasonable prices. It proposes, further, to assist growers in securing tested seed in time to insure its cultivation and maturity before early frosts. The remembrance of the frosts of 1917, which destroyed perhaps 25,000,000 bushels of corn in southern Indiana alone, is still fresh in the memory of those charged with directing the state's war program, and they will seek to guard against a repetition of this costly experience.

After Ernest Thornburg, president of the Indiana Corn Growers Association, had called the attention of the council to the results of demonstrations, which he said, "have shown in a clear way that early planted corn gives the largest yields and stands the best chance of maturing in the fall," the council agreed that no more important recommendation could go out to the farmers from the state government than that they plan to have their corn in by May 25. Planting began in many sections of the state April 25, Mr. Thornburg said. He also stated that late planted corn always runs the risk of being caught by early frosts and delay in planting also necessitates the use of smaller varieties which do not yield as well as the ones suited to the community and which occupy the larger part of the growing season.

Indiana farmers are urged by the state council to plan their corn planting carefully and where possible to co-operate with each other both as to labor and seed.

The efforts of the food production committee have resulted in securing a supply of seed from Missouri, which Prof. T. A. Coleman says was taken from Indiana to Missouri two years ago and is native to this climate. This corn will be used generally in the southern part of the state. For planting in northern Indiana counties seed has been secured in New Jersey and the food production committee now has an agent at work in that state endeavoring to purchase from ten to fifteen car loads, which will be sent to Indiana by express, in order that there may be a guaranteed supply in every county. Many farmers, it was pointed out, are planting what they believed to be good seed, but which will be found after a test to have been bad.

A Humorless People

By Kenneth L. Robeats

"God's hand has visibly prevailed." —The Kaiser.

This is a horrible example of what can happen to a nation or to an individual that has been deprived of all humor.

The Kaiser is a thick, conceited egomaniac who would froth at the mouth and fall in a fit if anyone dared to laugh at him. A thick, conceited person is without a sense of humor. If he had one, he would realize the absurdity of his own thickness and conceit.

Similarly, the German people are thick and conceited. They have stuffed themselves with rich foods and self-adulation for so many years that they are slow-witted—fat-headed. They are furious when they are laughed at. They never laugh at themselves. Whatever they say is sound; whatever they do is right. So far as they are able to discover, there is nothing about themselves to provoke mirth.

That's why it is that neither the Kaiser nor the German people see anything laughable in the statement that God's hand has visibly prevailed, though mutilated and outraged women weep in Belgium and France, and harmless homes of England mourn mothers and children dead from aerial bombs. Poor, thick-headed, stupid, humorless Germany.

ONE OF TWINS DIED

William Ira Alexander, the infant son of Mr. and Mrs. Donald Alexander, who reside west of the city died early this morning. The child was one of the twin sons born Saturday and since its birth had been in a weakened condition. Short funeral services will be held this afternoon with burial in East Hill cemetery.

GRAHAM ANNEX IS ALMOST "OVER TOP"

Pupils and Teachers Invest \$3,452 in Liberty Bonds and \$582.89 in War Savings Stamps

6TH GRADE HAS THRIFT CLUB

The boys and girls of the Graham Annex, of which Miss Pet Meredith is principal, have almost gone "over the top" in patriotism.

Pupils and teachers have invested \$3,452 in Liberty bonds, \$334.04 in War Savings certificates and \$248.85 in Thrift stamps. Boy Scouts from this school have sold bonds amounting to \$3,800.

The sixth year pupils have organized a Thrift club of thirty-seven members, to which they have given the name, "The Sammy Backers."

AMERICANS HAVE STRONG NERVES

Nervousness and Nerve Troubles on the Decline

"Nothing wrong but your nerves," is a saying that is fast dying out in this country. While nerve trouble is no organic disease, one of our leading nerve specialists remarked: "A man or woman might better break a leg than have a shattered nervous system."

Overwork and worry drains the nerve cells of their reserve strength and food, and then follows the sleepless night, indigestion, poor appetite, impure blood and general nervous breakdown.

The thing to do in such cases no longer troubles doctors and their patients who know from their own experience the value of Phosphated Iron. They know that a few weeks' regular use of this nerve food and red blood builder will strengthen and brace up the whole nervous system, because Phosphated Iron gives the tired, hungry, worn out nerve cells phosphates and iron, in a form easily and quickly absorbed; as one happy user said: "You can almost feel it taking hold of the nerves and blood, after a short time you feel like a new person; life seems a pleasure and worth living once again."

In every section where Phosphated Iron has been used there has been a big decrease of nerve troubles and it will prove a welcome relief to any sufferer. You can bank on it for results—it's sure.

To insure physicians and their patients getting the genuine Phosphated Iron we have put up in capsules only, do not take pills or tablets. Insist on capsules. PITMAN & WILSON, leading druggists everywhere. Rushville, Ind.—(Adv)

Potatoes for Wheat

Potatoes have been moving freely from the states that had large stocks three weeks ago and many markets have been cleared of their surplus. It was a serious emergency and an energetic response has been given to the appeal to relieve it.

Thirty million bushels were likely to spoil unless consumption could be practically doubled.

It is too soon to measure results, but it is plain that the railroads have made extraordinary efforts to move the potatoes; dealers have co-operated, handling them in many instances without profit, and the opportunity has been seized both in household and public eating places to relieve the wheat situation by setting potatoes on the table in various forms.

The significance of the potato campaign is twofold. It promotes consumption of stocks that were in danger of spoiling, which is true conservation, and it eases the tension on the wheat supply, which is at this moment the most serious condition in the whole food situation.

Thus far, the potato campaign has been carried on intensively in the states where there was a surplus on hand or where stocks could easily be obtained from the states having surplus. The degree of intensity was to be determined in all cases by the Federal Food Administrator for his own state.

As the old stock is disposed of, a new campaign of education will develop as fast as the new crop comes on market. This educational campaign will hold at least till the next harvest of grain, urging the use of potatoes as freely as possible to make our stock of wheat sufficient for its double duty.

MRS ROBERT HINER DIES THURSDAY NIGHT

Expires at Age of 56 Years After Having Been Sick For More Than Four Months

HUSBAND, 2 SONS SURVIVE

Mrs. Clara Hiner, age fifty-six years, wife of Robert Hiner, died at her home, 831 North Main street, last night at nine o'clock. Mrs. Hiner was taken ill about the first of the year with pneumonia, which developed into tuberculosis.

Mrs. Hiner was the daughter of Mr. and Mrs. William H. Gregory and was born in Rising Sun, Ohio county, Indiana, July 16, 1861. Her father, who was editor of the Rising Sun Visitor and a member of the state legislature, died when she was young and the family moved to Indianapolis, later locating here. Mr. and Mrs. Hiner were married thirty-three years ago. She was a member of the First Presbyterian church.

Mrs. Hiner was a niece of the late Judge Cullen and in addition to her husband, is survived by two sons, Allen C. Hiner of Newcastle and Lewis Hiner of this city, and one sister, Mrs. Anna Bronnerberg of Anderson. The funeral will be held at the home Saturday afternoon at two o'clock, conducted by Dr. D. Ira Lambert, and burial will be in East Hill cemetery.

paig will hold at least till the next harvest of grain, urging the use of potatoes as freely as possible to make our stock of wheat sufficient for its double duty.

Using Deferred Class Men

Men subject to conscription in the federal army and who have been given a deferred classification may be made the objects of a special organizational drive, in communities where such organizations do not already exist, as a result of a statement made by Earl Crawford, of Connersville, secretary of conscription board No. 2, sitting at Ft. Wayne to the Indiana State Council of Defense at its weekly meeting May 8. Mr. Crawford said that many of the 7,000,000 men who know they probably will not be called upon to bear arms, due to the statements of Provost-Marshal General Enoch Crowder, and who regard "the war as over," should be made to feel a continuing interest in the nation's cause, and a disposition to support it in every way. He said organizations of exempted men for work on farms had been found very successful and practical. Prof. T. A. Coleman of the food production committee stated that agricultural agents have instructions to undertake such organizations. It was directed by the council that Prof. Coleman and Mr. Crawford confer, and present a statement as to the desirability of the council's lending its moral support to a state and nation-wide movement in this direction.

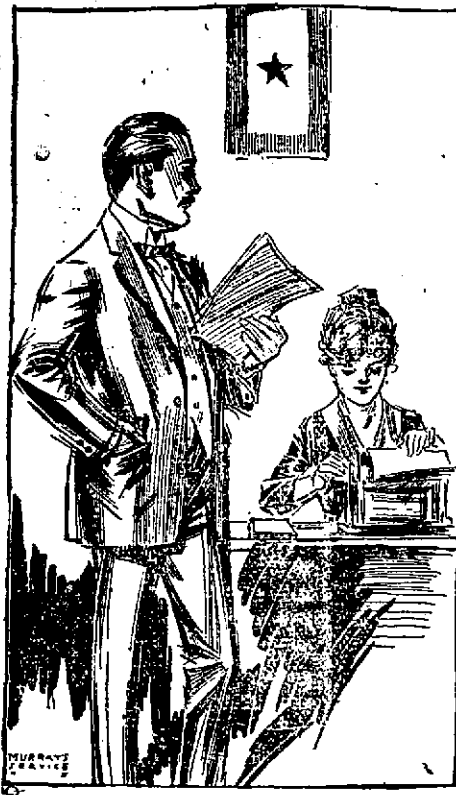

A Healing Measure

When soldiers are on furlough or leave of absence it frequently happens that facilities are not available for the Medical Department to care for them in case of sickness, and they are forced to employ civilian medical service. The expense of such care has had to be borne, heretofore, by the soldier himself. To provide relief in such cases Congressman John Jacob Rogers of Massachusetts has introduced a bill authorizing the secretary of War to care for soldiers who may be stricken while away from their commands by placing them in private hospitals or otherwise. The only restriction in the measure is that the disability must have originated in the line of duty.

"The first act is ended," said Von Hindenburg as the German drive swept onward from Novon. It is in the first act, as all playgoers know, that the villain develops his dastardly schemes and apparently gets the virtuous heroine into his toils. It is the last act that chicanery is always frustrated, virtue exalted and the right triumphant. The last act of the drive and of the war is coming.

Albert W. Fox, writing for the Washington Post, says: "Secretary Baker is expected to announce the need for a greater number of Amer-

"A Young Man From This Office Is Serving His Country"

In these war times, men, not young men, form the rank and file of our patronage.

Men over the draft age, can assist by wearing garments until completely worn out. Have us dry clean, press and repair them at frequent intervals, and by so doing you will obtain the full value from them.

Our Rug Cleaning Department

is now in full swing. We are being kept busy all the time. It is far better to have your rugs and carpets dry cleaned, dusted or scoured than to have them beaten to pieces by machinery which removes all the newness and fineness from the material. The cost is only a very little more on a 9 by 12 rug, but the satisfaction is MUCH more.

The XXth Century Cleaners and Pressers
Call Us Today—Phone 1154. We Call For and Deliver.

City Comfort for Farm Homes

You can be warm all over. You don't have to be roasted on one side and cold on the other. You needn't lug coal from the cellar and carry ashes down from upstairs. You needn't get up in the cold to build fires. You needn't spend time and elbow grease cleaning soot from the ceilings.

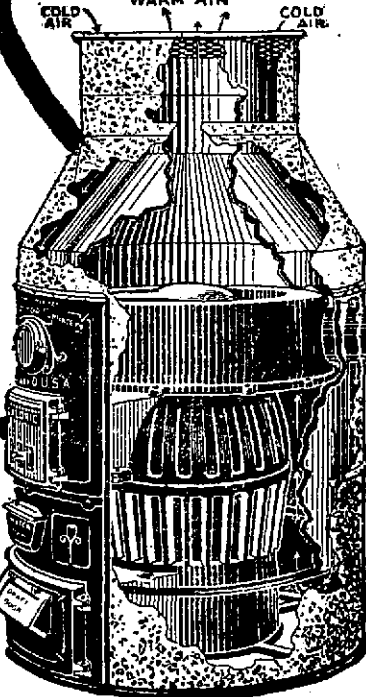

But what's the use? You know the advantages of a furnace without our telling you. You've gone without a furnace for the same reason that you've stood for off-year crops—because you thought you must. House already built, cellar not suitable or too expensive to cut holes in the house and install pipes. Nothing to it. Those objections are deadlier than last week's war bulletin. Our wonderful invention makes furnace pipes unnecessary. The Caloric Pipeless Furnace can be installed in any house new or old because there are no pipes to put in. You need only cut one hole for the single register immediately above the furnace. The

(Patented) **PIPELESS CALORIC FURNACE** (Patented)

Burns coal, coke or wood and is guaranteed to save 35% of your fuel. This enormous fuel saving is secured by means of our double ribbed firepot and high domed combustion chamber. Also there are no pipes to cause waste of heat.

The double ribbing of the firepot enables us to secure warm spaces on the inside without sacrificing strength. The sunken spaces permit free air circulation so that the coal is thoroughly burned and it also prevents smoke collecting to decrease heat radiation.

Our firepot by reason of its special ribbed design and the single register heats 10,000 cubic feet more than the ordinary furnace. This firepot is guaranteed for five years.

Our high combustion chamber provides for the burning of the carbon flakes, ordinarily called soot, which otherwise would go out the chimney in the form of heavy black smoke. When you use the Caloric Pipeless Furnace you get heat in your house instead of soot on your roof. A clean house and a small coal bill.

A further fuel saving is made by the fact that no heat is lost in pipes, but comes through one register and is distributed through the house.

The Caloric Pipeless Furnace is also made in larger sizes for schools, churches, hall, etc. Just tell us what your heating problem is and we will show you how to solve it.

Look! Strong Guarantee!

This is our daring method of proving to you what the Caloric Pipeless Furnace will do for you. We do not expect you to believe the strong points about this furnace on somebody's say-so, and therefore we make a guarantee offer that heretofore was absolutely unheard of in the furnace business. Here is our proposition:

You put the Caloric Pipeless Furnace in your house, school, hall or other building and give it a fair test. Workmanship, material and heating results are guaranteed. If anytime during the first year you find this Pipeless Furnace unsatisfactory, we will correct it. Nothing can be fairer than this.

Come In to See It

You cannot thoroughly appreciate the Caloric Pipeless Furnace unless you actually see it. We can easily prove to you that this furnace will heat your entire house with no pipes and only one register. We also want to tell you about the strong Caloric guarantee that absolutely protects you.

Don't Fail to See the New Reo Light Four

THIS NEW REO MODEL is the epitome of Reo experience—and that, as every motorist knows, is the longest, most extensive experience in Motor Car building.

REO BUILT GOOD CARS long years before most of those now in the business had started. REO AUTOMOBILES HAVE always been good automobiles—rugged, dependable, and famed from the first for Low Upkeep.

SO SOUND HAS BEEN Reo engineering you have seen less Reo Models than of any other make—bar none.

THAT FACT ALONE should indicate to the prudent buyer that he would be more certain of choosing right if he just closed his eyes and said "Reo" than if he shopped for weeks up and down the Row.

WHEN YOU CONSIDER, for example, that the predecessor of this new Reo Light Four—that wonderful Reo the Fifth—was standard in practically the same form for eight seasons while its competitors changed yearly and oftener, the natural conclusion must be that it was a marvelous product.

THIS NEW LIGHT FOUR is a refinement of that Reo.

IN ALL MECHANICAL ESSENTIALS it is the same—but refinements have been made wherever our engineers could find a better way. IN OUTWARD APPEARANCE it is one of the classic cars of the year.

UP TO THE MINUTE in design—every line and curve and every detail of finish is in the latest style.

AT THE NEW YORK SHOW where dealers and the public got the first glimpse of this latest Reo the exclamation most often heard was "At last the Reo Four looks as good as it is!"

AND THAT SUMS IT UP—mechanically you know there has never been a better motor car. PERHAPS WE DID concentrate on the engineering features to the neglect of mere outward appearance. Perhaps.

AND YET—AND YET—never has there been a more popular automobile—never one the demand for which always so greatly exceeded the output.

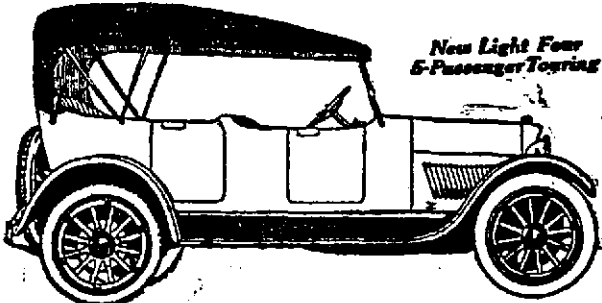

NOW YOU RECEIVE BOTH in this new Reo Light Four—a chassis that is recognized wherever motor cars are known, as the most rugged, the most dependable; the most simple and the most accessible.

INCORPORATED ALSO in this latest model are those features of design and that quality of materials which have resulted in an upkeep cost lower than any other car ever made;—AND PLUS APPEARANCE—a body that in design and finish is fully in keeping with the mechanical excellence of the car.

STUDY EVERY DETAIL of this new Reo Light Four—and say if you have ever seen anything that so fully conforms with your own ideas of what an automobile should be.

MAKING TWINE AT STATE PRISON

Forty Thousand Pounds of Binder Twine Being Turned Out at the Indiana Prison Daily

GOVERNMENT FIXES PRICE

Prison Mills Have Been Reopened After Being Closed Because of Uncertain Market Conditions

Michigan City, Ind., May 10.—Forty thousand pounds of binder twine is being turned out every twenty-four hours by the Hoosier binder twine plant at the Indiana state prison.

Warden E. J. Fogarty made this announcement today in a statement to the United Press outlining the work of the plant.

The prison plant resumed operations two months ago after a shut-down of several months. The mill was closed because of the uncertain market conditions in material from which binder twine was manufactured.

At that time raw sisal had reached a heretofore unheard of price and the board of trustees of the prison looked upon the purchase of sisal at that time as a hazardous investment.

Later the federal government fixed the price of sisal and practically fixed the price of finished twine. At the present time all sisal is purchased through the United States government from the Commission Reflodora, a committee representing the government of Yucatan, Mexico, in the sale of raw sisal. The price agreed upon was nineteen cents a pound. The manufacturer was required to pay the freight from the landing port from Mexico to the mill.

Warden Fogarty stated that the prison mills ordered 2,000 bales of sisal at the reopening of the mills and orders for 4,000 bales have been placed since. A total of 260 men are now being used in the operation of the mills continuously. As the twine makers become more efficient in their work, it is expected that the average yearly output will reach 12,000,000 or 15,000,000 pounds.

In addition to the increased cost of sisal there has been an increase in the price of other raw materials used in the production of binders twine. Burlap, from which twine bags are made has increased from 6 1/2 cents to 23 cents a pound; vermillion from 1 1/2 cents to 3 cents a pound. Scale wax from 4 to 10 cents a pound.

In fixing the price of raw sisal and the finished twine the United States government provided that the selling price of twine should be placed at four cents above the cost of the raw material. As a result of this schedule the twine manufactured by the Hoosier Twine Mills has been priced at the following schedule.

Fifty pounds or any amount under 500 pounds 23 cents per pound; 500 pounds or any amount under 5,000 pounds 23 cents; 5,000 pounds or any amount under 10,000 pounds 22 7/8; 10,000 pounds or any amount under 20,000 pounds.

A Dead Stomach OF WHAT USE IS IT?

Thousands? yes hundreds of thousands of people throughout America are taking the slow death treatment daily.

They are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature.

This is no sensational statement; it is a startling fact, the truth of which any honorable physician, will not deny.

These thousands of people are swallowing daily huge quantities of pepsin and other strong digesters, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach.

Mi-o-na stomach tablets relieve distressed stomach in five minutes; they do more. Taken regularly for a few weeks they build up the run-down stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach and headache will go.

Mi-o-na stomach tablets are sold by druggists everywhere and by Johnson's Drug Store who guarantees them. (Adv.)

With The Churches

—St. Paul's Methodist Episcopal church, the Rev. Clyde S. Black, pastor: Sunday school, 9:30, H. C. Flint, supt. "Mothers Day" will be observed in connection with the morning worship at 10:30. The pastor will preach on the theme, "The Queen of the Home," and special musical numbers will be rendered. Junior League at 3 o'clock and the Epworth league will celebrate the anniversary of its organization by rendering a program of songs, sketches and tableaux in the church auditorium at eight o'clock. "Keep the League Fires Burning" is the title of the program to be rendered. Everybody is cordially invited to these services.

—A combination service of the Bible school and church will be held at the Main Street Christian church beginning at 10 o'clock. The excellent program as already published will be followed. The time of the evening service has been changed and will begin at 8 o'clock; subject of sermon, "The Second Coming of Christ." Orchestra and chorus choir at the evening service. Prayer and praise service Thursday evening at 8 led by Mrs. Fannie Amos. Attendance at many if not all of these services is urged.

—First Baptist church, services in charge of the pastor: Sunday school, 9:30; public worship, 10:45 a. m. and 8:00 p. m. The subject for the morning hour, "The Song of Mary." Mother's day will be observed with sermon and appropriate music. It is desired to have all the Mothers of the congregation present. Theme for the evening sermon "Blessings of Infirmitie." Baptist Young Peoples Union will meet at seven o'clock. The public is invited to all these services.

At Pleasant Ridge: Bible school, 1:30 p. m.; Mother's Day will be observed there at 2:30 p. m. Every body cordially invited to all of our services. Dr. John Mann Walker, the new district superintendent, will hold quarterly conference at Pleasant Ridge, May 18, 2:30 p. m. He will preach at the same place Sunday May 19, 10:30 a. m. He will be pleased to meet everybody who can be present.

—The services for the United Presbyterian church at Glenwood will be Sunday school at 1:30 and preaching at 2:15.

226625; prices on car lots or greater quantities on application prices f. o. b. factory trucks 2 per cent discount June 1 next Sept. 1, 1918.

MUST MAKE SUGAR REPORT

Manufacturers Expected to Show Consumption Last 4 Months

Indiana manufacturers requiring sugar for their product, who are affected by the new sugar rationing plan of the federal food administration, which becomes effective May 15 are urged by federal county administrators to file reports of their consumption of sugar during the months of January, February, March and April, the date of the establishment of their business, and their probable requirements for the next two months. Upon these reports the sugar allotments will be determined by Eugene Langer, representing Dr. Harry E. Barnard, federal food administrator for Indiana, who will relieve county administrators of any work in this connection.

DON'T LET WORMS KILL YOUR HOGS

LOSSES FROM WORMS

Breeders and feeders of hogs, sheep, horses and cattle are familiar with most of the obstacles to be overcome in the breeding and feeding business, but as a matter of fact, there are fewer farmers and breeders who really know the extent of their losses from worms and indigestion in their hogs, sheep, horses and cattle than any other branch of the business.

If we were to tell you of the tons and tons of worms annually removed from the casings of hogs and sheep in the packing houses, you would hardly believe it but we can more than convince you if you will take a trip to the great packing houses and visit the department in which the casings are run and see for yourself these vast quantities of worms, you will then say "The half has not been told."

After you have seen this for yourself you will then realize as never before why it was that you lost so many young pigs; why it was your pigs and shoats did not do better and did not feed better; why you lost so many shoats or so many lambs, from what appeared to be some kind of disease (which was really worms) and why on other lots of shoats and lambs you did not get better gains and better profits from your grain, and you will see and understand as you never did before—why it is you need A REAL WORM EXPELLER and CONDITIONER.

ACME WORM BOUNCER will expel the intestinal and stomach worms from your hogs, sheep, horses and cattle.

Why Not Make Up Your Mind

To Buy a Janesville Planter?

It takes the chance out of corn planting and we feel sure you will like it. A good many thousand farmers have found in the JANESVILLE just what they wanted in a planter.

You Can Depend on the Drop

A sight feed shows you just what is being planted. Our system of plates will handle any kind or variety of corn just as accurately as is possible by mechanical means.

USE A JANESVILLE AND INSURE A GOOD CROP

BUY YOUR BINDER TWINE NOW — OUR STOCK IS READY

C. H. TOMPKINS

Mr. Robert Williams, Galesburg, Mo.

December 27th, 1917.

Dear Sir:

You are right when you say in yours of December 24th that Senreco is a remarkably good tooth paste and that it has a strong story to tell, but the difficulty lies in putting that story in such language as will convince the public.

The Senreco story of a medicinal paste that not only cleanses the teeth but also keeps mouth and gums healthy, when put on paper does not sound very different from the story of just any ordinary dentifrice.

For that reason we make every effort to get the people to try Senreco. After that Senreco tells its own story — and fully 90% of them are Senreco users and boosters from then on.

There is a Senreco user in Pittsburgh who has introduced our product into the families of thirty-four of his friends. Enthusiasm? No, not entirely. Simply a case of Senreco making good. It is just as stated above. If they will try Senreco — if they once become acquainted with a real dentifrice — with what a dentifrice can and should be — they are Senreco boosters from that time on.

Your druggist or toilet counters can supply you with Senreco. It comes in large, two ounce tubes and retails at 25¢.

Why not get a tube to-day? Try it. We stand behind every package of Senreco with a money-back guarantee.

Very truly yours,
SENRECO,
CINCINNATI.

This Woman Is A Lot Improved

Gives Tanlac Credit For Putting Her Stomach Back in Good Shape

"I took three bottles of Tanlac and I'm as well as ever now," said Mrs. Cora Mitchell, 613 Senate street, Indianapolis, Ind.

"I had a lot of trouble with my stomach before I took Tanlac," Mrs. Mitchell continued. "The food I ate just seemed to lay in my stomach and sour without digesting and it made me feel pretty badly. I was bothered a great deal with gas in my stomach and I got bloated often. Sometimes the gas in my stomach got so bad that pains would come and I'd have a smothered feeling."

"I was nervous too, and felt tired out most of the time."

"I began to feel better soon after I started taking Tanlac but it wasn't until after I'd taken all the first bottle that I noticed real improvement. Then I could see that my food was being digested better, because the bloating of my stomach wasn't so bad. Well, I kept on taking Tanlac until I'd taken three bottles in all and then my stomach was in fine shape. I'm not bothered with any gas in my stomach at all now."

"Yes, I feel as well as ever now and Tanlac gets all the credit."

If you don't feel right get Tanlac today. You can get Tanlac of F. E. WOLFF'S Drug Store.

Help for Rheumatism

Try Tanlac Rheumatism Treatment for rheumatism. It is helping hundreds and will do for you what it is doing for others. You can get it at any good drug store.—(Adv.)

Will Be Well Represented At Greenfield

Rush County Federated Clubs Will Send Many Members to Annual District Convention Which Will be Held May 14 and 15. Local Women Will Appear on the Program.

Reports from the clubs in Rush county whose members belong to the Indiana Federation of Clubs indicate that the representation from this county at the annual convention which will be held in Greenfield, May 14 and 15 will be the largest in several years.

Seven clubs in the county are affiliated with the federation and each club is entitled to two delegates. In addition to these, scores of women are planning to attend the meetings on Wednesday, which is the final day of the convention. The feature of the last session will be an address by the state president, Mrs. John E. Moore, on "Our Federation."

Mrs. Guy Abercrombie of this city, chairman of this district, with the assistance of the program committee has completed an interesting program for the two day session.

Miss Mary Sleeth, Mrs. T. Benton Henley, Mrs. Abercrombie and Mrs. Louis Lambert, representing Rush county, will appear on the program.

The members of the Social Circle of the Orange M. E. church, were entertained by Mrs. Alva George at her home in Orange yesterday afternoon. The living rooms were beautifully decorated with fragrant spring flowers. There was a short business session, at which seven new members were taken into the society, and a decision made to invest in Liberty Bonds.

Following the business session, an interesting literary and musical program was given, consisting of the following numbers: reading by Ada George; vocal solo by Lela Bowen, reading by Mrs. Elizabeth Stone, vocal duet by the Misses Helen Reed and Nellie Henry, and readings by Mrs. John Heeb, and Mrs. Charles Murphy. At the close of the pleasant afternoon, light refreshments were served. The next meeting will be the second Thursday in June, with Mrs. Bryant.

A dinner party was given today at the home of Mr. and Mrs. Sam Collee in Mays, honoring their nephew, Guy McBride, cashier of the Mays bank, who is to be called to Fort Benjamin Harrison, May 17. Mr. McBride enlisted some time ago as a clerk. Covers were laid for the following guests: Mr. and Mrs. J. F. Reeves and daughter Audrey, Mr. and Mrs. Charles McBride, Mr. and Mrs. Frank McBride and daughters, Fern and Zula, Mrs. N. L. McBride and Miss Fanny Frazee. Mr. McBride is well known in this city, having attended the local high school.

Miss Bertha Helm entertained with a prettily appointed bridge party at her home in West Fifth street, yesterday afternoon. The guests for two tables consisted of the members of the Thursday afternoon bridge club and three other guests, Mrs. A. L. Gary, Mrs. Derby Green, and Mrs. Carl Behr.

Mrs. Will M. Frazee entertained at her home in West Third street yesterday with an informal afternoon card party. The guests included the members of the Pirate Bridge club and during the afternoon the guests spent a few pleasant hours over card tables.

The Thursday afternoon Bridge Club, which was to have been entertained Thursday at the home of Mrs. Jack Knecht in East Sixth street, has been postponed until Saturday afternoon.

The Emanon club, which was to have been entertained this afternoon by Mrs. Lenora Blackledge and was later postponed until Saturday, has been indefinitely postponed.

Will Realize About \$85 For The Red Cross

Tri Kappas Complete One Quilt and Will Soon Finish the Second One. Money is Raised by Selling Blocks at Fifteen Cents Each.

The Rushville chapter of the Tri Kappa sorority expects to realize between \$80 and \$85 for the Rush county chapter of Red Cross on the two quilts which are being made by the members of the sorority. The money was raised by selling quilt blocks for fifteen cents each, the buyer to embroider their own or some other name in each block purchased.

One of the quilts has been completed and is now on display in the window of George C. Wyatt and company's furniture store. The other one will be finished as rapidly as possible, the Tri Kappas having arranged to meet once a week instead of every two weeks in order to do the work as soon as possible.

Mr. and Mrs. George Kehl are giving a reception tomorrow evening at their home near Falmouth, honoring their son, Howard and his bride, who was formerly Miss Mary Hinchman.

Notes On Activities Of Federated Clubs

Mrs. John E. Moore has appointed Mrs. Eva Rohbock of Wabash, chairman of the Woman's Land Army committee of the Indiana Federation of clubs. Mrs. Rohbock will call a meeting of the chairmen of the different organizations represented in the state who are interested in this movement and see if it can be carried out in Indiana.

Mrs. Edward Franklin White, the chairman of the Political Science committee of the General Federation, has prepared a course of lessons for use in women's clubs, on the Countries at War, and in her address before the Education Conference urged their use this year. They are in the direct line of her work on Political Science, giving a brief outline of the political status of these countries, their relations with each other, the teachings and tendencies toward the war, and the elements of democracy existing in each of them.

Mrs. Myra S. Gordon of Logansport, the new chairman of the Eleventh district, reports that she has already secured the promise from two clubs that they will join the federation.

The Home Economics club of Tell City has purchased a \$100 Liberty Bond and has given \$25 for Thrift Stamps. They will also dispense with their food demonstrations during the war.

The Parent-Teacher club of Mt. Vernon organized in January has eighty-eight members. An old time concert was held last Friday and the free-will offering amounted to \$35.50.

Mrs. William H. McCurdy entertained the last meeting of the New Country club of Evansville. Mrs. J. E. Williams read a paper on "Industries, Commerce and Ports of Russia." The Woman's Rotary club of Evansville has taken over two of the school war gardens, and expect to take over two more. Mrs. Will Cooper of the Home Economics club of Evansville, at the last meeting discussed "The food value of milk and milk products." Mrs. W. J. Torrence talked on the moving picture industry. The chief interest of the women in Evansville has been centered on the Registration of Women for War Service and Child Welfare work, led by Mrs. W. J. Torrence and Mrs. Albion Fellows Bacon. The subjects for the last meeting in Boonville Woman's club were "German Propaganda" and "Vigilantes."

Several Are Registered 100 Percent

A Number of Women's Organizations Respond With Registration of All Members in Campaign to Make Woman Power Available For War Work.

With the registration in five townships completed and the workers in the other districts nearing the end of their canvass, Rush county's registration of its woman power for war work, promises to close within the next few days with one of the most excellent reports in the state.

A complete registration from Ripley, Center, Jackson, Walker and Posey townships was received today by the county chairman, Mrs. Louis Lambert who is well pleased with the response and active co-operation with which the registrars were received on every hand. The reports from the various townships include the signing of 1,500 cards which is a good per cent of the woman power in these districts.

The Foreign Missionary society, the organizations of the United Presbyterian church, the Yomo club, the D. T. club and the Friday afternoon embroidery club have all registered one hundred per cent.

Registration booths will make their appearance again in the stores in the down town district of the city tomorrow, probably for the last time, giving the women, who have not been reached by canvassers, a final opportunity to do their patriotic duty in this national movement, which is being carried on at the request of the government. The booths will be open both Saturday afternoon and evening. The work will be closed completely within the next few days.

Announcement of the marriage of Mrs. Lillie M. Rea of Falmouth and Dr. T. A. Bailey of West Palm Beach, Fla., has been made here. The marriage took place a few weeks ago at Palm Beach where Mrs. Rea had gone to spend the winter and where she met Dr. Bailey. Dr. and Mrs. Bailey have returned to Falmouth and will spend the summer in Mrs. Bailey's home there after which they will return to Florida for residence.

Amusements

Mary Pickford at Princess

The inimitable Mary Pickford will be seen at the Princess tonight in one of the best known of her screen successes, "Stella Maris." The fact that she is cast in a role that is entirely different from any she has ever played in makes the picture a very extraordinary one. Chester Conklin, who has made a reputation as a screen funny man, will appear in "It Pays to Exercise," Saturday night, sharing a place on the program with Corrine Griffith and Bert Overton in "The Menace." Elsie Ferguson is advertised to appear in "The Rose of the World" next Tuesday.

Seventh Episode at Gem

The seventh episode, "The Wolf Trap," of "Vengeance and the Woman," will be seen at the Gem theatre tonight, William Duncan and Carol Holloway appearing in the leading roles. Norma Talmadge will be seen in "Old Reliable." Associated with her are Anita Stewart, Clara Kimball Young, Lillian Walker, Flora Finch, Florence Turner and John Bunny.

Alex Levenstein of Shelbyville was a business visitor in this city yesterday.

WHITE MILLINERY DISPLAY

Saturday May 11, and all next week a complete showing of High-Class Midsummer shapes for Graduation and real dress hats.

Instant Bunion Relief

Guaranteed—Or Not a Cent's Charge

You need not suffer bunion torture an hour longer. No matter how large or painful your bunions may be—or how often or by whom treated and pronounced "incurable"—here at least is convincing proof that there is positive relief for you—right now—today.

FAIRYFOOT

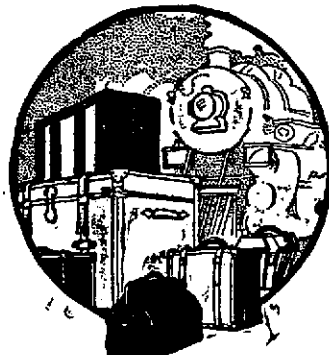

Is Guaranteed to Give Instant Relief

and positively cure the most stubborn bunion. You'll have peace and comfort as soon as you apply one. The pain and inflammation disappear like magic. You can really enjoy walking once more. Ladies can wear their natural, small size shoes without discomfort—don't cut holes in your shoes and use old fashioned cotton or felt washers and steel contraptions. FAIRYFOOT is the common sense logical remedy for bunions. It absorbs and draws out the inflammation, softens and dissolves the accumulated layers of cartilage which really make the bunion, thus reducing the enlargement and restoring the deformed foot to its healthy normal size. Try it first on your exposed and you will see the difference FAIRYFOOT makes. You must be satisfied, else we want you to return it and get your money back. We have a FAIRYFOOT made for every foot trouble.

Orange

Mrs. Ida McKee and daughter, Mary spent Saturday in Rushville.

The Rev. W. F. Schrontz and family spent Sunday in Alpine.

CHILD CONSERVATION URGED WAR MEASURE

Skilled Manpower Is Needed and Children Should Be Trained to Fill This Demand

STATE CONFERENCE IS HELD

(By United Press.)

Indianapolis, Ind., May 10.—Greater care in conservation of children as a war measure was urged at the meeting of leaders in the child welfare movement of Indiana here yesterday. It was pointed out that the war has created a demand for skilled man-power and that children should be trained and taught to fill this demand.

The conference was called the woman's section of the state council of defense. Dr. Horace Ellis, state superintendent of public instruction, presided at the morning meeting. He told of the great increase since the United States entered the war of young boys and girls leaving school before their work is completed and of measures taken to combat this menace.

Among the other speakers on the morning program were: Mrs. Anne Studebaker, Carlisle; who told of the organization of women for war work; Mrs. Angela Moler, Prof. T. F. Fitzgibbon, Helen T. Reeves, L. P. Beneset, Mary A. Meyers and Dr. W. F. King, all of whom spoke on some phase of children's school work.

The various state departments devoted to charitable and educational work were discussed in the afternoon.

The child had his innings last night when Michael E. Foley, chairman of the State council of defense spoke on the subject of "Defending the Child."

POTATOES GOOD OLD WAYS

Bake Them

Wash uniform-sized Potatoes. Bake them in a hot oven until soft—about 45 minutes. Break the skins lightly to let the steam escape. Serve at once.

To keep potatoes flaky, when they have to stand, pierce them full of holes with a fork or crush them a little in a towel and pierce a small hole in the end of each. Put them where they will keep warm.

Nothing is Better Than Big Baked Potatoes. Cook Some today.

Write the United States Department of Agriculture for new Potato recipes.

U.S. DEPT. OF AGRICULTURE HOW TO GROW

Artichokes (Jerusalem)

The Jerusalem artichoke will grow in any good garden soil and should be planted in hills 3 to 4 feet apart each way, with three or four small tubers in a hill. Plant as soon as the ground becomes warm in spring, or about the same time as early potatoes.

The cultivation is similar to that for potatoes, and the tubers may be allowed to remain in the ground during the winter and dug as needed.—U. S. Department of Agriculture.

Mrs. Sherwood, who has been spending a few days with her daughter, Mrs. Ed Winchell, is visiting in Connersville.

The Willing Workers of the Christian church served dinner to the election board, Tuesday.

Mr. and Mrs. Clifton Stamm and family, and Mr. and Mrs. John Murphy and son of near New Salem spent Sunday afternoon with A. B. George and family.

Mr. and Mrs. Thomas Matney entertained at dinner Sunday, Mr. and Mrs. George Rockfeller and Mrs. Anna Custer.

Mrs. George Leonard, who is ill at the Memorial hospital in Connersville, is improving.

Don't Swat the Fly!

Keep Him Out With

SCREENS

Screens, if properly made with cypress frames covered with

PEARL WIRE SCREEN

will last a life time.

THE FLY is filthy, carries germs and is the propagator of many dangerous diseases, and must be kept out of the home.

FRESH AIR is a tonic, a preventative and cure for many of our most common ailments.

SCREENS will exclude the one and admit the other.

Place your order NOW and beat the fly on the job.

Increases Holdings Here

WALTER MANLEY PEARCE

Walter Manley Pearce, who has been identified with the furniture business in Rushville for several years and has taken a deep interest in the city's welfare, has bought Robert A. Innis' interest in the Innis-Pearce Furniture company and the Park Furniture company, giving him a controlling interest in the Innis-Pearce company. He and his nephew, Walter Milton Pearce, manager of the Park company, have control of that company.

Although Mr. Pearce has increased his financial holdings in Rushville, he will not make his home here, but will continue to live in California, where he has spent the last few years, because he has valuable investments there in copper and other interests.

C. W. Talge of Evansville has taken over the management of the Innis-Pearce company with the retirement of Mr. Innis. He is a practical veneer and machine man, having worked his way up from the bottom in the woodmanufacturing business. Mr. Talge comes to Rushville highly recommended and is expected to make the Innis-Pearce company even a more prosperous concern than it has been. He and Mr. Pearce of the Park company will work together in the conduct of the business of the two factories.

Mr. Pearce has been managing the Park factory for eight years, having had no experience in the business previous to that time; but during these eight years he has proved that he has ability and that he is one man out of many who could engage in a new enterprise that requires technical knowledge and great responsibility and make a success out of it.

It has been many years since Walter Manley Pearce came to Rushville, but every year has seen him advance by dint of his hard work and good business judgment. Left an orphan when a boy, he worked on a farm. His spare time the last year on the farm he spent studying architecture. He served an apprenticeship of three years in the building trade, working for eighty cents a day. He then came to Rushville in 1880 and for a year worked in a sash and door mill. Mr. Pearce ran a planing mill for a year on the site where the Daily Republican building now stands. All this time he was still doing building work, erecting some of the most substantial Rushville homes which are still standing.

Mr. Pearce and W. W. Innis, father of Robert A. Innis, bought the Swain and Worth lumber yard and planing mill which stood at what is now the northwest corner of Harrison and Fourth street. Gradually the business was changed to a furniture factory, and they were just well started in the enterprise when the plant burned down. Before the fire, the young Mr. Innis succeeded his father in the business and then was started a partnership which lasted for more than thirty years.

Mr. Pearce and Mr. Innis obtained the site where the Innis-Pearce factory now stands, mowed the clover off the field and began building a new plant. Mr. Pearce's experience in building stood him in good stead and not even an architect was employed.

When the Rushville Furniture company's plant burned down in 1902, Mr. Pearce joined with J. D. Case, who was a heavy stockholder in the old concern, and they formed the Park Furniture company. At that time the two concerns became linked together by reason of Mr. Pearce having an interest in both. Mr. Innis also became a stockholder in the Park company. For nine years he managed both factories, but the work was too heavy and his nephew came here in 1911 to take charge of the Park.

Mr. Pearce has always taken an active interest in Rushville's industrial welfare and has not only by his own investments but by his efforts in other directions as well been instrumental in helping the city. Mr. Pearce was largely influential in bringing the Charles E. Francis company here from Cincinnati. Mr. Pearce talked with the owners of the company for some time before they were persuaded to consider Rushville as a site. Mr. Pearce then set about to raise the bonus to locate the factory, which he did with the aid of a few other men.

John Geraghty returned this evening from a several days visit with friends in Moscow.

THEY ALL DEMAND IT

Rushville, Like Every City and Town in the Union, Receives It

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have brought lasting results to thousands. Here is Rushville evidence of their merit.

Frank McFarland, 830 W. 10th St., says: "My kidneys began to get weak and in a short time I was so bad off I could hardly get about. My back was in terrible shape. It ached so, especially at night, I could hardly sleep. Mornings, my back was so stiff that, when I bent over, I could hardly straighten up again. The kidney secretions were too frequent in passage and highly colored. Another of the family had used Doan's Kidney Pills with such good success I thought I would try them so I got a box at Johnson's Drug Store. They helped me right away and I kept on using them until I was cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McFarland had. Foster-McBarn Co., Mfgs., Buffalo, N. Y. (Adv.)
